WEATHER INDICATIONS.

U. S. Department of Agriculture,
Weather Bureau,
Toledo, O., April. 28, 1892.

The storm which was central over Minnesota has moved to the eastward and is central over Ontario. It has caused rains over the entire country north of the latitude of 35 degrees and from Dakota to the Atlantic coast. The temperature has risen about 10 degrees over the lower lake region, and fallen from 10 to 30 degrees over the west and northwest; elsewhere it has remained nearly stationary. There is an area of high pressure covering the entire west which is following the path of the storm and has caused a cold wave over the northwest. The barometric gradient over the upper lake region is very steep and has caused winds of from 30 to 60 miles per hour over that region from the west and northwest. A blizzard prevailed Wednesday night over Minnesota and Dakota, and snow was still falling in northern Minnesota Thursday morning. Signals for westerly winds are up on all the lakes.

The Mississippi river has risen from St. Louis to New Orleans, and is above the danger from Cairo to New Orleans. The river will contine to rise south of Cairo.

Forecast for Toledo and vicinity: Fair, with possible light showers, decided fall in temperature by Friday morning. Brisk to high west and northwest winds. Cold and fair Saturday.

On the one hand there's $500 in cash; on the other, there's a cure for your Catarrh. One of these two things has got to come to you—that's promised and agreed by the proprietors of Dr. Sage's Catarrh Remedy.

But, do you think they'd make any such promise if they weren't sure that you'd be cured? That has come to thousands, through this Remedy, when everything else has failed. By its mild, soothing, cleansing and healing properties, the worst chronic cases of Catarrh in the Head have been perfectly and permanently cured.

That's the reason they're willing to take such a risk. This is what they say, clearly and plainly: "If we can't cure your Catarrh, no matter how bad your case or of how long standing, we'll pay you $500 in cash." If they have faith enough to say that, isn't it safe for you to have a little faith, too?

Cleveland, April 28.—The first day, or preliminary session of the republican state convention, was disposed of very early owing to the fact that a ball game was on in the city yesterday afternoon, and even exciting political contests must give way to the American game.

The band played, the preacher prayed, Judge King made a speech and so did Griffin, all inside of an hour, and a rural delegate who wanted the result of the state district meetings read to the boys, was howled off the floor.

The opening day crowd would scarcely do honor to a fair-sized county convention. More than half the delegates failed to put in an appearance, and the galleries were thinly patronized, although tickets were to be had very easily.

Those who attended could readily give an excuse for this seeming lack of interest. It was known the speeches were already in print, and it may be said the efforts look much better in that form than in the delivery.

Judge King's was passably well delivered, but Mr. Griffin lost his vigor for the time being and did not do himself justice. He started off in good shape, but before he had sprung a dozen sentences on the convention, he was compelled to halt, find his spectacles, take his type-written manuscript and read the rest of it.

This destroyed the effect, and no one felt it more than the speaker himself.

Mr. Griffin had arranged for the proper periods to bring out the applause in the mention of the deeds of Ohio men, such as Grant, Sherman, Sheridan, Foraker, Foster, McKinley, etc., but as he had both hands engaged in holding his "copy," he did not deliver the sledge-hammer emphasis so common to the gentleman, and the result was discomfiture.

Each name came in for a hand-clapping; especially was this the case with Foraker and Blaine, but when Sherman and McKinley's turn came the machine was given an extra twist, just for fun, and it could be plainly seen who was in control of the lever which moves this body.

Brother Griffin is reasonably sly sometimes, and this was noticeable when the boys started to cheer Foraker. The Lucas statesman allowed the applause to run down of itself while he was awful anxious to continue his remarks as the other gentlemen were having their whack at the hand-clapping. This was very apparent, and was the cause of comment, especially among the newspaper stagers around him.

It is all over now, and probably no one is happier than Mr. Griffin. He certainly did not get the boom out of the job he anticipated when he fought for the position at Columbus before the state committee.

Only one incident worthy of mention occurred at the first sitting, and that was when the old wheelhorse of Seneca county, Gen. Bill Gibson, walked down the aisle to take his seat. A cheer, loud, long and continued, went up, accompanied by cries of "Gibson!" "Gibson!" The general smiled pleasantly, but he failed to do the talking the delegates so much desired. By the way, Gen. Gibson was being groomed last night for delegate at large as a solution of the bitter fight between the warring elements. Of one thing, however, there is no question—the old man had a warm spot in the hearts of at least the old-time republicans at the convention.

With these few lines, the first day's session may be dismissed.

The Ninth District.

The fights of last Friday night and Saturday in the caucuses and convention at Toledo have had the effect of adding to the strife in Lucas county, and the hair-pulling in the district gathering of Monday continues with some vigor. An alliance between Lucas and Wood counties, whether for weal or woe, is surely on, and little Ottawa and Fulton are evidently not in the deal. Yesterday's district meeting here gives ample proof of this, in the election of state committeeman.

It was all cut and dried that Col. Bonner should have the support of the two counties, and he practically got it. Mr. Griffin and Mr. Squire did their best to prevent it in the preliminary skirmish, but they were defeated. Of the twenty delegates from Lucas, these two gentlemen, with Judge Millard, were the only ones recorded against the deal. The course of Judge Millard in voting for Geyser in preference to Bonner is not explained, and why he should do it is one of those affairs in politics that scarcely admits of explanation. His vote was a great disappointment, to say the least. It is clear that the end is not reached in yesterday's scrimmage.

Wood and Lucas counties will name the next nominee for congress on the republican ticket in the Ninth district, and it is freely asserted that his name will not be Griffin. It may be Kent Hamilton or Governor Ashley, or it may be the ruddy-complexioned Bonner, but Griffin never. That man Bonner has a great amount of ginger in his make-up, and the foxiest politician in the district would do well to keep an eye on him in the future; he will spring up in some spot when he is least expected. His adroit work in Toledo's bouts last week, added to his victory here, give him rank as a skipper. The loss of his sword at the inauguration of Governor McKinlye does not prove he is not a general to the manor born.

The Lucas delegation got its share of the honors distributed. Mayor Emmick presided at both caucuses, and was given the pleasing duty of announcing the vote of his fellow delegates in the convention. Judge Millard went on the committee on permanent organization, while the principal honor of state committeeman fell to the hero of the Second ward, Col. Bonner. Neg Cochran led the combatants in the fray against Griffin and Squire, and though a little fellow, he downed both of his big opponents. Horace Merrill also had a tilt at his old-time antagonist, Mr. Squire, and there was a gleam of satisfaction on the silver-haired Flickinger's countenance when Griffin bit the dust on all his propositions. All in all, the day was not conducive to the extension of brotherly feeling and fraternity among our friends the enemy in Lucas and the Ninth district, and democras will rejoice to see the good work of tearing each other's hair continue in the opposition ranks.

The Fight on the State Ticket.

It is almost superfluous to say anything on the question of who will go on the state ticket, since it is more than probable the result will be known before these lines are read. All night last night the war went merrily on. Gov. Foraker took up his position in Wydman's headquarters, and labored with might and main to secure recruits for the Hamilton county candidate. Taylor's rooms were also occupied by men of prominence, pushing the claims of the man from Urbana. Chester had almost the constant attendance of Mr. Squire and other league club magnates, and so it progressed.

At one it looked as if either Col. Poorman or Congressman Cooper, of Mt. Vernon, would be agreed upon to take the place of all the contestants, but it would no sooner appear to be a go, than the slate would be smashed, and it would be trespassing on space to continue telling of the plans proposed and disposed of. The lucky man will be announced in another column later on. Unless every sign fails, S. M. Taylor will head the ticket.

The State Committee.

Seventeen out of twenty-one is no small victory, and yet that is what the Shermanites gathered out of the contests in the various districts. More moralizing: Last year nearly the reverse proved to be the case in favor of Governor Foraker. Think of Billy Capellar being turned down over in his district. After being the member for a time the mind of man runneth not to the contrary. But it is so. Hamilton and Cuyahoga counties are the only two still pinning their faith to Mr. Foraker.

The committee has organized by the election of F. S. Pursell, of Hocking county, as chairman, and —— secretary.

WAR OF EXTERMINATION.

Peace Prospects Thrown to the Winds at Cleveland.

Cleveland, O., April 28.—(United Press)—Delegates and visitors alike to the republican state convention took time by the forelock in getting into Music hall this morning. It was stormy without, but all the indications pointed toward it being decidedly more stormy inside before the day was over.

The decision of the Foraker forces late last night to fight to the last ditch for supremacy in the way of presenting three candidates for delegates-at-large to Minneapolis, and the subsequent ultimatum of the Sherman element issued at an early hour this morning and throwing down the gauntlet by naming the big three—McKinley, Sherman and Foster—as its representatives to the Flour City, had effectually destroyed whatever lingering hopes there might have been of a temporary truce or reconciliation of the warring factions.

It was after 3 o'clock when the Foraker conference adjourned and those that participated in it were closeted again less than five hours later.

Before the convension opened, Temporary Chairman Griffin intimated that it was likely to be a fight from the word go and that it was even proposed to start in by contesting the selection of clerk of the house, Malloy, who is particularly obnoxious to the Foraker people.

The gravity of the situation and the probability of exciting times naturally made Music hall the great center of attraction and, as a result, its doors were besieged at an early hour by an immense crowd, through which the delegates and ticket holders made their way under conditions that were often productive of profanity.

The ladies seemed to feel as much of an interest in the developments of the day as those of the sterner sex, and, resplendent in bright Easter millinery and elegant toilets, they succeeded in pre-empting the greater portion of the balcony.

PREPARING FOR BATTLE.

Sherman and Foraker Followers Loading Up Their Guns.

Cleveland, April 28.—(Special)—The morning opens with general chaos prevailing. Conferences were the rule last night at headquarters in the Forest City house and as a result several well defined plans were developed, which, it is expected, will go through to-day, though it will be necessary to go through the form of a ballot to determine success.

The olive branch has been extended to Gov. Foraker and his followers, but they refuse to receive it and the consequences will rest with them.

The temporizing which has gone on for the past three days has stopped, and in its stead has come a stolidness which is almost dogged in character.

As to the delegates-at-large, Col. Conger, Bill Hahn, Hanna and Eb. Poe have withdrawn, or rather were forced off by the respective factions.

The Shermanites will now present Gov. McKinley, Senator Sherman, Secretary Foster and ex-Gov. Foraker as their ticket, and should there be much of a kick by Foraker, and the strength in the convention will warrant it, the latter may find himself stranded.

On the other hand, the Foraker people have agreed on their slate for a big four, and the quartet is composed of Gov. McKinley, Gov. Foraker, Gen. Gibson and Gen. Bushnell, and they swear they are unalterably opposed to the election of Sherman and Foster.

Gen. Gibson is expected to be the one who will bring about the success to the Foraker slate, if such a thing is possible.

Hahn, Poe and Conger are martyrs to the harmony twaddle, but are not pleased by any means. The price of Hahn's retirement is said to be a membership on the national committee, but the other two have no balm for their wounds.

The why and wherefor for this change of heart on the part of both sides will afford gossip for the rest of the campaign. The trouble cannot be healed.

A test of the strength of the factions will likely be determined on the report of the committee on permanent organization, which body has retired Temporary Secretary Matthews and named Johnny Mulloy.

Gov. McKinley arrived from Pittsburg early this morning and is in form to wield the gavel as chairman.

There is considerable dissatisfaction over the manner of naming the ticket. The Foraker people want the delegates chosen first, but they will scarcely have their wishes gratified.

Col. Waldorf and Col. Bonner were in the Sherman caucus last night and are cocked and primed to do their part in the Lucas delegation.

Charley Griffin was the chief spokesman in the Foraker headquarters, but his prophesies have lost weight entirely. He proved himself too wide of the mark in the late speakership and senatorial contest to admit of taking his boastings for facts.

The tale will soon be told, however, as the delegates are wending their way to the convention hall.

CALLED TO ORDER.

The Platform Adopted and the Grind Commenced.

Cleveland, April 28.—(Special)—It was 11 o'clock before the convention was called to order by Chairman Griffin.

He introduced Rev. Dr. Mullen of Cleveland, who offered prayer.

The report of the committee on permanent organization was next submitted, with Gov. McKinley as chairman and John Malloy as secretary. Charles Cottrell is the assistant from Toledo.

The report was adopted and the promised fight on the secretaryship failed to materialize.

Gov. McKinley was introduced and received a royal welcome. He thanked the convention for the honor and predicted a big victory in November.

He praised President Harrison and Secretary Blaine. The latter's name was greatly cheered.

Next came Charley Foster for a compliment. Honest dollars, free ballot, protection and the other hobbies of the party were gone over, evidently to the satisfaction of his hearers, for he received liberal applause.

The report of the committee on credentials was to the effect that there were no contests.

The rules committee next reported. The ticket was put first, the delegates last. The report was approved, and the second Sherman victory was complete.

Gen. Grosvenor reported the platform, as follows:

The Platform.

The republicans of Ohio join with their brethren in all the states and territories of the union, in reaffirming their allegiance to the republican party and in expressing their confidence in the principles of the great organization which carried the country in 1888.

We declare our unbounded confidence in President Benjamin Harrison and without qualification indorse and commend his administration of the great office which he holds.

He has given the country a wise, just and patriotic administration. He has maintained the national dignity and honor at home and abroad. He has upheld the glory of the flag while promoting peace and securing prosperity.

He has faithfully redeemed every pledge given before his election, and jealously guarded the interests of the whole people. While carefully and intelligently observing the platforms and teachings of his party, he has yet been a statesman wise and broad and eminently American and patriotic.

The people of Ohio have a just pride in the administration of the affairs of this state by Gov. Wm. McKinley, jr. He brought to the discharge of his duties as governor ripe experience, great learning in statesmanship, and an honest and patriotic purpose; and he has already shown himself capable, faithful and wise. We heartily indorse his administration thus far and assure him of our great esteem and confidence.

The best exemplification of the principle of protection, a cardinal one with the republican party, that has found expression in the statutes, is the McKinley bill. And we cordially declare our adhesion to the doctrines of that great measure, including, as worthy of particular mention, its reciprocity features.

It will not escape the profound attention of the country that the democratic party, coming into power in the house of representatives as the implacable foe of the law then just enacted, and of its underlying principle of protection to American labor and American interests, with the avowed purpose to wipe it from the statute books so far as its power extended at the first opportunity, has, after witnessing its beneficent operations for a single year, deliberately determined it inexpedient and unsafe party policy, pending a general election, to attempt its repeal, or even its modification, except as to less than a half dozen out of its thousands of items; and with respect to these, it has taken the precaution repeatedly to assure the country in advance that absolutely nothing can come of its attempts in this direction.

We condemn the bill recently passed by the democratic majority in the house of representatives to place wool on the free list as an unjust and hurtful attack on agricultural industries of the country and we insist on such full and adequate protection for the wool industry as will enable American farmers to supply the wool required for consumption in the United States.

That we favor just and liberal pensions to every soldier and sailor who fought in behalf of the union.

And we heartily indorse the disability pension bill, as an act of justice too long delayed because of the opposition to all just pension legislation by a democratic president and a democratic congress.

We believe in a free ballot and a fair count, and affirm, that unless intelligent and patriotic sentiment accord these rights to the humblest citizen in every section of the country it becomes the duty of the federal government to secure them by federal enactment under the authority conferred by the constitution.

We are opposed to the free coinage of silver by the United States under existing circumstances; and we would not favor it except under conditions that would reasonably insure the maintenance of the substantial parity between the bullion and the mind or money value of its coin. Every coined dollar should have the intrinsic as well as the monetary value of every other coined dollar.

While inviting to our shores the worthy poor and oppressed of other nations, we demand the enactment of laws that will protect our country and our people against the influx of the vicious and criminal classes of foreign nations and the importation of labor under contract to compete with our own citizens and earnestly approve the rigid enforcement of existing immigration laws by the national administration.

The governor put the question on the adoption of the report, and it went through and the convention was ready for the work of nominating the state ticket.

The Ticket.

John T. Locke, of Madison county, announced the name of Samuel M. Taylor, of Champaign.

John G. O'Connel, of Hamilton, announced Byron S. Wydman, of Cincinnati. Representative McGrew, of Springfield, seconded the nomination. I. J. Keating, of Columbus, placed John J. Chester before the convention. The ballot was taken, resulting in the choice of Taylor.

The vote stood:

Taylor	436 1-2
Wydman	188
Chester	147 1-2
Total	772
Necessary to a choice	387

Lucas' Vote.

Lucas county voted as follows: Taylor, 9; Wydman, 3; Chester, 8; Ottawa, Wydman 3; Paulding, Chester 6; Putnam, Taylor 4; Sandusky, Taylor 5, Chester 1; Seneca, Taylor 4, Chester 4; Williams, Taylor 5; Wood, Taylor 11; Defiance, Taylor 2 Chester 2; Fulton, Taylor 3, Chester 2; Hancock gave each three votes; Henry, Taylor 4; Huron, Taylor 4, Wydman 2, Chester 2.

As soon as the roll was completed changes were announced thick and fast, and it was soon evident that Taylor was to be the lucky man, and he came in an easy winner. Taylor's nomination was made unanimous.

A motion to notify the gentleman of his nomination was voted down by a large majority.

Judge Spear was renominated for supreme judge on motion of Allen T. Brinsmade.

For the second judgeship Speaker Laylin named Samuel A. Williams, of Norwalk.

Robert Greer, of Knox presented Chas. H. McElroy, of Delaware.

Frank Durben named George L. Phillips, of Muskingum.

J. W. Campbell, of Guernsey, named A. C. Thompson, of Scioto.

W. C. Londen, of Brown, named David F. Pugh, of Franklin.

Jacob F. Burket, Hancock, and Gilbert H. Stuart, of Franklin, were named in the order given.

During the progress of the ballot for judge, Cuyahoga county delegates got into a fight over the vote announced and it was necessary to pass the county.

The ballot resulted: Thompson, 173; Williman, 111; Burket, 143; McElroy, 44; Pugh, 72; Stuart, 48; Long, 25; Campbell, 56; Phillips, 43, Louden, 57. No election.

Burket Nominated.

On the first ballot Thompson and Burket were in the lead, with Wildman a close third. A second roll call was ordered, this time Burket leading all others and enough counties changed over to give him the nomination.

Allen for Clerk.

For Clerk of the supreme court, N. H. Hester, who has held the office for two terms, and Josiah Allen, a one-armed war veteran, of Athens county, were placed in nomination. Allen was nominated on the first ballot.

Board of Public Works.

For member of the board of public works E. L. Lybarger, of Coshocton county, defeated Park Alexander of Summit and J. C. Engle of Cuyahoga.

PLAYING HIS TRUMP CARD

Stanford Fishing For a Nomination.

He Is Ready to Father the Ideas of the People's Party In Order to Get It.

Pittsburg, April 28.—Senator Stanford, of California, passed through here yesterday on his way to Washington. "The people's or independent party will certainly have a candidate in the field this fall," he said. "With a national debt of two billion dollars, an enormous railway indebtedness, half the land mortgaged and the load growing heavier, it is time that measures for relief to be taken. In the west particularly, the people need more money or freer money. Through the people's party they hope to get it. I don't know who the candidate will be."

FIGHTING FOR A MARKET

Exciting Scenes Reported From Panama.

Fruit Men Break the Canal Chains and Get Their Produce to the Sea Shore.

Panama, April 28.—One hundred men interested in the fruit business attacked on last Monday night the barriers in the canal, drove off the guard, broke the chain and went through with a flotilla of produce.

The state government resolved to recognize the rights of the canal company and assigned a force of men to protect the barriers pending the decision of the central government on the whole question.

SWEPT THE TOWN

Fierce Flames Have Visited Hudson, Ohio,

And Left Little of the Business Portion.

Akron Sends Help to Her Neighbor,

But it Arrives Too Late to Do Any Good.

The Business Section of the Village Completely Obliterated — List of the Losses Caused by the Conflagration.

Hudson, O., April 28.—"Town is on fire. Come quick. We need help;" was the startling report received from Hudson at headquarters of the Akron fire department at 4 o'clock this morning.

In an hour Chief Manderburg with all the apparatus he could spare was on board a special train speeding for the little town twelve miles away.

It was 6 o'clock when the train reached Hudson and too late to render assistance. The business portion of the little town was in ashes. One of the most severe fires in Summit county history had done its work.

The United Press correspondent arrived on the special. The fire was still burning, but everything in its path had been leveled to the ground and it was about ready to die out.

No one knows how the blaze strated. It was first discovered in the rear of Lockhart's saloon, on Main stree, about 2:30 and spread rapidly to all buildings on that side of the street. The Hudson fire department worked like beavers, the old-fashioned apparatus proved useless in staying the progress of the flames.

The loss is estimated as follows:

C. H. Buss, general merchandise, $60,000 on stock and building; A. W. Lockhart's saloon, on Main street, about 2:30 Edoon, proprietor, $15,000; Wm. Kridler, barber shop, $200; Henry Whener, meat market, $2,000; W. Saywell, dry goods, $600; S. Miller, barns and buildings, $4,000; S. Fletcher, jeweler, $500; Alfred Ball, news dealer, $500; S. Miller, boots and shoes, $2,000; J. G. Meade, postoffice block, $3,000; D. J. Joyce, groceries, $2,000; Knights of Pythias hall, just refurnished, $1,000; G. V. Miller, meat market and grocery, $3,000; R. T. Miller, bakery, $1,000; C. A. Campbell, two frame and brick buildings, $4,000; Philip Wendling, meat market, $500; J. B. King, Mrs. E. Berbower, opera house block, about $20,000.

The latter was built in the sixties, at a cost of $40,000 and in that block was the drug store of E. S. Bentley.—He roughly puts his loss at about $15,000. The offices of J. B. King, M. C. Read, Dr. E. E. Rodgers and Dr. G. L. Starr, were also in the opera house block.

These gentlemen cannot estimate their money losses, as they consist mostly of valuable private papers and documents. The township records in Dr. Rodgers' office were burned. It is impossible at this hour to get all the insurance, but it is safe to say that it will not cover more than half the loss. All insurance on burned buildings was held by companies of which M. A. King, of Ravenna, is agent.

The fact that the fire started in the rear of Lockhart's saloon leads to the belief that it was of incendiary origin. A great deal of bitterness has been stirred up in Hudson over the saloon controversy and threats have been made that the saloon closing ordinance passed by the council would be fought to the bitter end. Lockhart says that there was no fire in his saloon, and that the blaze strated in the rear of the building. He is positive it was the work of an enemy.

STORMS ON THE COAST

Another Spell of Bad Weather is Raging.

Vessels Driven Ashore and Much Damage Reported from Many Places.

London, April 28.—The British coast was visited last night by a fearful storm. Disasters are reported from all quarters, especially the eastern coast, along Yorkshire and the northern shores of England and the southern part of Scotland. Off Scarborough one fishing boat was swamped and four of the crew were drowned. Otherwise no loss of life is reported at Scarborough.

Off Berwick, Norwegian schooner Rederinlen was wrecked. The crew was saved. At North Shields two fishing boats foundered, but the crews were saved. Along the Norfolk coast it is feared that several wrecks have occurred, a number of coasting and fishing vessels being missing.

BRUTAL TREATMENT.

Convict Laborer Nearly Beaten to Death by a Boss.

Vicksburg, Miss., April 28.—Indisputable proof of cruelty to convicts has finally been discovered. W. H. Fosselman, of Woodville, who, with 100 other convicts, was leased to Brit Lee, of Washington county, was frightfully beaten by a negro by orders of the overseer and narrowly escaped death. Others of the same squad were almost killed.

WON IN SEVEN ROUNDS.

New Orleans, April 28.—George Siddons and Johnny Van Heest fought last night before the Metropolitan club for a purse of $1,500. Prof. John Duffy was referee, and a crowd of 2,500 was present. After seven well and hard fought rounds Van Heest was declared the winner.

ASTOR'S FUNERAL.

Paris, April 28.—The funeral of William Astor at the American Episcopal church to-day, was entirely private, being attended only by members of the family. Many flowers were received from friends in Paris and elsewhere. The service was confined to the ordinary forms of the Episcopal church.

CHAMPION POOL.

New York, April 28.—Albert G. Powers and John Werner, of Chicago, and Champion Alfred De Oro, of Cuba, and Charles H. Manning, of New York, have made a match for the championship of the world at continuous pool, 600 balls, $500 a side. The contest will take place in this city May 26, 27 and 28.

DISCOUNT RATE.

London, April 28.—The Bank of England directors have fixed the rate of discount at two per cent.

A FRENCH CABLE.

Its Entry Into This Country is Causing Discussion.

Washington, April 28.—The joint resolution granting the French Cable company of Paris and New York the right to land a cable on the shores of Virginia and South Carolina, thence to go from Cuba to San Diego was the subject of a hearing to-day before the senate committee on commerce at which Secretary Blaine, members of the French legation and attorneys for the company were heard.

Secretary Blaine was in excellent form and made a vigorous protest against favorable action or any action at all on the resolution urging that it should be killed in the committee. He said he did not believe in giving a hearing in any form.

The United States wanted to secure direct cable connection with Brazil and there were reputable men ready to build such a line. If the senate gave the French company the right to land in Virginia or South Carolina this could not be done. The Brazilian government had given the French company the exclusive right to land.

BANKING AND CURRENCY.

Washington, April 28.—The house committee on banking and currency continued its inquiry into the failure of the Keystone national bank of Philadelphia to-day.

Mr. Lacey, comptroller of the currency, was further examined concerning the report of the examiner of the bank. These reports from 1875 to 1886 showed nothing of importance. The first increase in the capital stock in the bank was made on May 5, 1886, and another increase of $100,000 was made in November, 1888.

DEEMING THE MAN

He Confesses to Being Jack the Ripper,

Who Has Shocked An Entire World.

He Admits Committing the London Crimes.

Great Excitement Reported in Melbourne.

The Judge Orders that the Trial Must Go on and the Usual Crowds Throng the Court Room.

Melbourne, April 28.—The Melbourne Standard states this morning, positively and without reserve, that Deeming has confessed to having committed the greater number of the murders in London attributed to Jack the Ripper.

The judge of the central criminal court gave his decision to-day on the application for a postponement of the case of F. B. Deeming, the murderer. The judge decided the trial must go on. Thereupon Mr. Lyle, solicitor for Deeming, withdrew from the case and Mr. Forlongs, barrister, took charge of the defense, receiving instructions directly from Deeming.

The latter looked pale and more hollow cheeked than when placed in prison; but he kept up an appearance of coolness and glanced around, almost with defiance, at the crowd that thronged the court room.

The decision of the judge refusing postponement was given upon hearing the testimony of the official medical inspector to the effect that Deeming was sane.

Counsel for the government recited what the prosecution expected to prove. He stated that the prisoner was accused of the wilful murder of his wife, Emily Deeming, at Windsor, on or about last Christmas day.

The house had up to the time of the discovery of the tragedy been vacant for some time. On March 3, a lady called to see the owner, a Mr. Stamford, a butcher, with reference to the house, as she desired to rent it. Together they went at once to the house and as they were going through the rooms the lady detected a strong odor, as of decaying matter and called Mr. Stamford's attention to it.

He passed it off, but his agent subsequently finding it so fearful as to indicate that something must be wrong, and tracing it to a bedroom fireplace, sent for the police. They opened up the fireplace and there in a space of two feet by eighteen inches was found the nude body of a woman of middle age, huddled together in a shocking manner and built in under the hearth and masonry. It was apparent that murder had been committed, the skull being smashed in, and it was also apparent that the crime had remained thus hidden for over two months.

The authorities had ascertained that the house had been taken by a stranger a little while before Christmas, a man who has since been identified as the prisoner Deeming.

TWO FIREMEN HURT

While on Their Way to a Fire.

Serious Results Caused by the Overturning of the Hook and Ladder Truck.

William Newbert and Andrew Keating, two laddermen from No. 3 engine house, were seriously injured about 10:40 last evening while on their way to a fire in Sheplar's trunk factory on Huron street, between Washington and Lafayette streets.

The accident was caused by the truck toppling over at the corner of Jefferson and Erie streets, throwing the men violently to the ground.

At the alarm the chemical engine was the first to leave the house, followed immediately by the hook and ladder truck. At the corner of Erie street, not half a block from the engine house, it was discovered that something was wrong with harness of the horses on the chemical, and the engine stopped. There was plenty of room for the following truck to pass, but as they attempted to do so the rear wheels caught in the street car track, upsetting the apparatus. Newbert and Keating were at the rear end, steering, and were the only ones injured.

The ladders did not fall on them, but they were hurt by striking the ground. Newbert was the most seriously injured, several ribs being injured, and it is feared that he is hurt internally. He was taken to St. Vincent's hospital and is somewhat improved to-day, though the doctors can not say whether he will recover or not.

Keating was bruised about the body and received a serious scalp wound, but his injuries are not dangerous. He was conveyed to his home on Shaw avenue.

Both men are good firemen, faithful and brave, each having joined the department in 1886. Both are married and Newbert has a family; he is aged 33 and Keating is 32 years old.

The fire for which this alarm was sent in was at Shepler's trunk factory, in the engine room and dry kiln. The department kept the flames from spreading and extinguished the fire after damage to the amount of $2,000 had been done.

There's no appeal in this case. The public is the judge and we've proven to the court's satisfaction that we can sell a higher class of goods than anyone else in the city at prices that are asked for inferior grades.

ANOTHER WITNESS

Mr. Robert Young Tells What Drs Copeland and Bell Have Accomplished for Him.

"When I went to Drs. Copeland and Bell, I couldn't speak above a whisper. I was completely broken down from the effects of neglected catarrh."

The speaker was Mr. Robert Young, residing on Craig street.

"A very bad cough had settled on me—I coughed almost constantly. My throat was sore and raw. My head ached continually. My eyes were dim and watery, and I could not see distinctly.

"Sharp pains would take me in the chest, running through to the shoulder blades. My chest felt sore and oppressed all the time, as if my lungs were affected.

"The secretions dropping back from behind my palate seemed to affect my stomach and poison my digestion. Food did not seem to strengthen me. I had no appetite; didn't relish anything I ate.

"I lost flesh and strength, and as I say when I went to Drs. Copeland and Bell I couldn't speak above a whisper, under their treatment the trouble in my throat has disappeared. I can speak well. I have regained my health and strength, have no more headaches, no more pains in the chest, I eat well, sleep well and feel well, I am another man—a well man to-day."

JOHN P. ALTGELD TO LEAD

Democrats Name Him for Governor of Illinois.

A Rousing and Harmonious Convention Held at the Western Capital.

Springfield, Ill., April 28.—It was late when Chairman Phelps, of the state central committee, called the Illinois democratic convention to order.

He congratulated the convention on the auspicious omens under which it had assembled, and closed his speech by introducing as temporary chairman the Hon. James R. Williams. Congressman Williams' speech was largely devoted to the tariff.

At the conclusion of Mr. Williams' speech the announcement was made of state committeemen, presidential electors and district delegates to the national convention at Chicago.

Clauter Crafts, speaker of the Illinois house of representatives, was announced as permanent chairman, and was greeted with enthusiastic applause, when he assumed the office with a brief speech. After a long and heated debate the convention decided to proceed with the nomination of a state ticket.

A. E. Stevenson, A. W. Greene, B. T. Cable, N. E. Worthington, Walter I. Watson, John A. King, S. P. Chese were elected delegates-at-large, and Monroe C. Crawford, Jesse A. Phillips, J. M. Riggs, Charles Dunham, J. H. Miller, W. J. Reavell, Dr. David Leroy, and Thomas Cusack their alternates.

Senator A. J. O'Connor, of Lasalle, placed in nomination for governor John P. Altgeld, of Chicago. Mr. A. D. Webber, of Macon county, seconded Altgeld's nomination. Gen. J. C. Black was then put in nomination. Altgeld was elected the candidate for governor on the first ballot.

David Gore, of Macoupin county, was nominated for auditor of state, and Joseph B. Gill, of Jackson county, for lieutenant governor by acclamation, as were also W. H. Heinrichsen, of Morgan county, for secretary of state, and John C. Black, of Danville, and Andrew J. Hunter, of Paris, for congressmen at large.

Gen. Black was unanimously declared the nominee for congressman at large; also Andrew J. Hunter. For lieutenant governor Joseph Gill, of Murphysboro, was chosen unanimously. For secretary of state, William H. Heinrichsen, of Morgan county, chosen unanimously. After the selection of David Gore, of Carlinville, for auditor of pubic accounts, Rufus C. Ramsey, of Clinton, was nominated for state treasurer on first ballot. For attorney general Morris T. Mahoney was nominated on the first ballot.

The delegates were instructed to support Palmer in case the nomination fell to a western man.

THE PORTAGE AFFAIR.

Mr. Shroyer Writes His Side of the Story to the Bee.

Editor Toledo Bee—Sir: In your issue of the 27th inst. I see quite a lengthy account of the stabbing affray which occurred here on Saturday evening in which I am grossly misrepresented.

Mr. Warden has always pretended to be a friend of mine. He frequently visited my saloon and we would go out riding, hunting, etc., together, and he often invited me to his house. I knew that he was a very high-tempered man and that he suspected his wife of infidelity and for that reason kept away from the house, and I firmly believe that he deeply wrongs his wife by his accusations.

Now in regard to the affair on Saturday. The man evidently has a spite at me for something else. On another occasion a few days before, as I was hitching up my team he asked me if he could ride to Bowling Green with me. I answered yes. He told me to drive down to the house and he would be ready. When I drove down to the house he said he could not go right away and wanted to know if his wife could not go with me in the buggy and he would come on the train and meet her in town. Knowing his disposition I refused.

On Saturday evening he came into the saloon; we sat there and talked awhile. Finally he said, "Riley, I am going out in the country." I said, "Can't I go along?" His answer was, "No, I have a partner," and he got up and started. I then sat there and played a few games of cards, went over to the postoffice awhile, then I walked over to G. F. Munn's store and talked awhile; from there I went home, and after sitting in the house about half an hour went across the street and sat down in front of the postoffice, and had been sitting there about 20 minutes when the news was brought up that the stabbing had occurred.

These facts that I have given you can be substantiated by witnesses, and, to set myself right before the public and my friends, I earnestly request that you publish this letter. Very respectfully,

W. RILEY SHROYER.

BANK GUARDS.

Great Precautions Taken in England Compared to the American System.

In this country one of the most surprising things to an Englishman is the apparent lack of precaution taken for the safety of banks and financial institutions. London is as quiet a city as New York, but every night a company of troops from one of the queen's regiments is stationed in the Bank of England, and in Dublin a party from the barracks marches to the Bank of Ireland and takes up its quarters till the next morning. This is done not in times of disturbance only, but as a regular thing every night of the year. The service is greatly desired by the men, though it comes to them only once in a great while, as then they are paid 1 or 2 shillings and given their supper and breakfast, the bank bearing the expense. The reason of this extraordinary guard is probably found in the desire of the bank authorities to be perfectly secure. The other banks in London all employ watchmen by the year, and some of them have what may be called a permanent body of armed retainers to guard their premises. In America, however, after the banks are closed for the night, with the exception of a watchman who generally seems to be half asleep, there appears to be no precaution taken for the security of the millions that must be locked up in the vault.

THE ANNUAL MEETING

Of the Toledo Baptist Union.

A Splendid Program Rendered—Officers Elected—Reception and Refreshments.

The annual meeting of the Toledo Baptist union was held at the Oliver Baptist church last evening, and an entertaining program was rendered.

The ceremonies of the evening were conducted by the president, J. G. Lamson, who made a very approriate address on calling the assembly together.

He spoke very feelingly of the death of W. H. Alexander, the former president of the union, and suggested that some action be taken by the meeting.

A motion was put and approved for the president to appoint a committee of three to draft suitable resolutions and Messrs. Raitz, Gardener, and Lewis were appointed on the committee.

Secretary H. L. Phelps submitted his annual report, showing the number of meetings held during the year and what was accomplished.

Treasurer R. G. Dawkins also submitted his annual report. It showed that the receipts for the year were $1,524.56 and disbursements $1,503.90.

The committee appointed to draft resolutions reported. The report was received, the resolutions were ordered spread on the minutes and the secretary directed to forward a copy to the bereaved family.

Rev. Mr. Sheridan spoke briefly on what had been accomplished in the field of labor during the year.

C. T. Lewis, chairman of the committee on finance, reported in some length the financial condition of the union. The report showed the assets to be $7,000, with a liability of $1,500.

J. R. D. Lamson, chairman of the committee on public meetings, submitted his annual report, after which officers to serve during the ensuing year were elected as follows.

President—J. G. Lamson.
Vice president—T. H. Wickenden.
Secretary—H. L. Phelps.
Treasurer—R. G. Dawkins.
Trustees—C. J. Campbell, David Watts, John Brown, C. T. Lewis, Robert Luckock.

At the close Rev. E. W. Hunt spoke in a most entertaining manner on "The Union."

This was followed by a social reception and refreshments served by the ladies of the church.

CLIPIPNGS.

A negro woman in St. Louis died recently because her skull was two inches thick.

John Burns, the socialist democrat to whom all strikers in the old country naturally look for guidance, has been a member of the London county council for three years. He is only thirty-three and gives his occupation as "working engineer." Mr. Burns has stalwart shoulders and a thick, brown beard.

When Grant Allen in his story of "The Devil's Die" described his heroes as finding a wreck in mid-ocean swarming with rats, the critics said it could not be. The wreckers who went aboard the Gottenburg Castle, off St. Mary's Isle, recently had just that experience. But the critics have no doubt forgotten all about the matter by this time.

Mr. Oswald Crawfurd, C. M. G., whatever that may mean, is chairman of the Limited liability company, which is founding the Authors' Club of London. Mr. Crawfurd is looking for plenty of five-pound subscriptions for his stock. Even should he be disappointed in that, life must still hold many pleasures for a man whose name is in the old Saxon "urd." It suggests Sigurd at once.

England's representative at the Bering sea conference in Washington, Sir George Baden Powell, is a pronounced free trader. As an author in the economic field he has made his mark, his work on "Protection and Bad Times" being considered a standard. The reduction in wages in the Ohio iron works, just announced, ought to give Sir George a better text than seal hunting, though he is a keen sportsman withal.

The great confessors of modern times, as Jean Jacques Rousseau and Marie Bashkirtseff may be called, have by no less an authority than Andrew Lang had a third added to their company in the person of James Nimmo, a Scotch covenanter, whose confessions have just been brought to literary light in a volume he candidly entitled: "Narrative Written for His Own Satisfaction, to Keep in Some Remembrance the Lord's Dealing and Kindness Toward Him, by James Nimmo, 1654—1709."

General Alger persuaded General Sheridan, two or three years before the latter's death, to take out a $50,000 life insurance policy. At first the hero of Cedar Creek and Winchester declared that he could not afford to pay the premiums; but General Alger, so the story goes, paid them himself for three years, meanwhile throwing a little dust in Sheridan's eyes by talk about the value of "Little Phil's" name to the company as an advertisement. Accordingly, after Sheridan's death, his widow got the full benefit of the policy.

THE SPRING FLOODS ON TAP

The Mississippi Again Running Full.

Fears That the Levees Will Not Hold the Bulk of Water and That Disaster Will Follow.

Vicksburg, Miss., April 28.—The fact that the Mississippi river from Memphis to the gulf is gradually approaching extreme flood height is causing uneasiness in spite of positive knowledge that the levees are stronger than at any previous time in their history and that anything like a general overflow is practically impossible.

Levee builders hold that no levee is absolutely safe while the water is against it, a theory established by the collapse of those which were supposed to be the strongest. Below this city the outlook is threatening, and the belief is general that the pressure will reach its maximum between Baton Rouge and New Orleans, where the river is a foot or more below the highest water ever known.

Any important crevasse will occasion great loss of property, but the risk of human life is practically nothing. Everything depends upon the weather.

of the kind ever held on the lakes, and the interest taken in it is very great. The

George McCoy.

men came here to organize an association of vessel owners.

Capt. Thomas Wilson, of Cleveland, called the annual meeting of the Lake Carriers' association to order. The plan

William Livingston, Jr.

of action proposed at the meeting April 15 in regard to the labor question was thoroughly discussed.

An assessment to maintain shipping offices at all important lake ports was made.

General Chicago News.

Chicago, April 28.—(Special Marine Service)—The schooner Sophia J. Euff was floated off Beckwith island, Georgian bay, yesterday and taken into Collingwood, where repairs will be made. Her cargo of 22,000 bushels of corn was a total loss. Capt. Shanks stated that the boat was filling rapidly and he had to run her on the beach to keep her from foundering.

The Union Transit line has absorbed Capt. Eber Ward's Lake Superior line, thereby acquiring the steamers Northerner and J. C. Ford. Capt. Ward was the pioneer in the Lake Superior business, but now retires. The new line will have eastern connections with the Erie, Lackawanna and Lehigh Valley lines and will be a direct competitor with the Lake Superior Transit company, the pool of the New York Central and Pennsylvania railroads.

Capt. John Keelin, who had sailed the lakes for many years, died at his residence, 4111 Washington Boulevard, Tuesday night.

The owners of numberless steamers who are frozen out of the expected bonanza in carrying passengers to the World's fair, by the granting of the exclusive privilege to the whaleback people, were talking yesterday of uniting in a test case as to the right of the World's fair people to make such a contract.

The feeling among these steamboat owners is very bitter, but no way out of the dilemma except to go to law, has so far been found. Some prominent marine lawyers have given as their opinion that the piers which are in the navigable waters of the United States cannot be restricted to the use of any one company, but must be free to all on the same terms.

The schooner Charles Luling was moved to-day out of Parson Mushout's corn patch, and the good man can now plant his corn without having a big schooner in the way. To get the Luling afloat, she had to be raised and moved on ways 700 feet, when she was launched. The boat was stranded last October and the winter seas pushed her far inland.

Capt. John G. Keith left Chicago last night for Detroit, where he will represent the Chicago vessel owners in the general convention for the entire lakes, to be held in that city to-day.

Rates.

Cleveland, April 28.—(Special Marine Service)—The freight barometer to-day pointed to clearing weather, and if grain holds its own Escanaba ore rates will be 70 cents Friday. Four loads of ore were ready at the old rate, and while it was claimed that one was taken boats were not anxious for others.

Duluth—Wheat rates are strong to-day at 3 cents. If Chicago holds firm they will go higher before the week is out.

Chicago—Ten cargoes of lumber to lumber to every boat are offered to-day, and a substantial advance in rates is expected.

Tugs Ashore.

Alpena, April 28.—(Special Marine Service)—Tug J. H. Clark and barges Sweepstakes and Lone Star went ashore near Thompson harbor during yesterday's blow.

The Village of Chase Wiped Out of Existence — Flour Mills in Jackson Burned.

Nirvana, Mich., April 28.—Chase, a Lake county village, with nearly 1,200 inhabitants, was almost wiped out of existence by fire last night.

Twenty-five buildings on the main street, including every business in town and five dwellings were destroyed. The loss is heavy.

Jackson, Mich., April 28.—The Aetna flouring mills, elevator and store room near the Central depot, was destroyed by fire early this morning. Loss $20,000; no insurance. Thebuildings were untenanted. For several hours the depot building was in great danger.

VICTORIA AT DARMSTADT.

Berlin, April 28.—Queen Victoria's visit to Darmstadt has been gladdened by the news that the brother-n-law of the Brincess Beatrice, Prince Alexander of of Battenberg, has been promoted to the rank of major-general in the Austrian army. The prince has heretofore held a minor rank in the Austrian service, and has, it is said, deserves his promotion.

TO STAND FOR PARLIAMENT.

"Do I bore you already, dear?" said a young husband to his bride, who was yawning terribly.

"Not at all love. But now you and I are one, and I bore myself awfully when I'm alone."—Truth.

BLACKMAIL PURE AND SIMPLE.

A new form of barrel organ has made its appearance in Paris. Its feature is that it runs by clockwork. The operator places the machine before the house of the person whom he wishes to blackmail, winds it up, and adjourns to a safe distance to watch the performance. It will run for an hour. After about 15 minutes the tortured natives can stand it no longer and go out to see what can be done about it. An inspection of the machine discloses a notice: "If you wish this organ to stop put a penny in the slot." The penny is usually forthcoming, when silence like a poultice comes to heal the blows of sound. Only for five minutes, however, when the organ resumes operation, only to be bought off by more pennies.

SAM TILDEN'S LIBRARY.

The dying wishes of Samuel J. Tilden in regard to the foundation of a great public library will be carried out, although not on the scale of munificence he intended. Owing to the remarkable skill and sagacity with which the trustees have managed the property and the arrangements they entered into with Mrs. Hazard, one of the heirs, $2,000,000 are available for the library endowment.

THE AWFUL BRINK.

Insanity, Softening of the Brain.

The alarming increase of Nerve and Brain diseases is daily becoming more terrible. The Grip, which so many thousands have had, in all cases leaves the brain and nerves in a weakened and debilitated condition. This condition must be immediately restored to one of strength and vigor of nerves, or nervous prostration or insanity may result. The unfortunate victim thus condemned to a living death, tortured by that awful disease, lingers along awaiting the end—death.

You who have headache, loss of memory, confused mind, mental depression, strange sensations, dull, dizzy and bad feeling head, restlessness, irritability, nervousness, who pass sleepless nights, wake tired and unrefreshed, who are weak, with trembling, cold limbs, and nervous and physical exhaustion, do you know that you stand upon a brink more awful than any precipice—the terrible brink of insanity, softening of brain, paralysis or nervous prostration?

These symptoms are the warnings of impending doom. Heed them NOW—BEFORE IT IS TOO LATE—and restore your nerve strength, brain power and vital vigor by the great nerve, brain and blood invigorator, Dr. Greene's Nervura. You can cure your disease,

and ward off all danger. Purely vegetable and harmless. Druggists, $1.

"I suffered from nervous prostration, was so weak and prostrated I could not attend to my household duties, closed my house and gave up my home, as I was so restless I could not remain in one place, I could not sleep for weeks at a time, and INSANITY SEEMED SURE TO RESULT. I resorted to Dr. Greene's Nervura, with wonderful effect. It produced good sleep, restored my appetite and strength until I feel like a new person.

MRS. JANET JOHNSON,
164 Cedar St., Boston Highlands, Mass."

Dr. Greene, the successful specialist, in curing all forms of nervous and chronic diseases, 35 W. 14th Street, New York, can be consulted free, personally or by letter. The organs revise their speech: "all is harmony at Cleveland—among the Sherman followers."

Mr. Depew alluded to New York as "this Imperial city." It has a magnificent sound, but brings a broad grin to the face of the great country west of its "imperialism."

Colorado republicans are instructed to vote for a free coinage candidate and no other. The silver jangle isn't all inside the one party by any means, and these "sure" western states may necessitate some rearranging of names on the candidates' blackboard.

The corner stone of Grant's monument is laid. If words were dollars, enough have been said to build a dome that would pierce the sky. The country hopes the memorial may be completed before this generation shall pass away.

A significant item in the account of the Grant monument ceremonial is this: "The Chinese minister, with his staff, was present by special invitation. He has subscribed $800 to the fund." Even John Chinaman can get into good society in Gotham by paying for it.

Last year the republican central committee was a Foraker machine of large majority. The new committee, just appointed by the Cleveland convention, consists of seventeen Sherman shouters and four Foraker followers. This indicates the backward progress of the Foraker faction.

The story that an American syndicate had purchased San Domingo, and that our government was in the deal, did not obtain sufficient credence to give it passing interest. The condition of the United States treasury is guarantee that the United States is not buying real estate at present.

They do say that President Harrison and Secretaries Foster, Tracy and Elkins took advantage of their visit to New York city, ostensibly to participate in the Grant monument exercises, to have an anxious caucus with friends over the republican situation in that state. The Platt-Miller-Bliss combination worries them.

Our morning neighbor seems to anticipate the most when it opens an editorial by saying "If bad blood bespatters the floor of the Ohio convention to-day," etc. Let it find consolation in the thought that there is so much "bad blood" there the convention may be relieved of congestion if a little of it is let out.

Once upon a time May day in Europe was a holiday of mirth and merry making for laboring men and women. Then they sang and danced around the May-pole, and with other harmless festivities passed a happy and wholesome day. The spectacle of all Europe cowering in fear of what the dreaded first of May may bring this year does not seem to indicate that the world is moving in the right direction.

England is a free trade country, but the government party in Canada is a high protective tariff one. That such tariff does not influence the wages of workingmen is shown by the crowds of Canadians in this country, here for better wages than they they can get at home. Advantages in Canada and the United States are about equal, excepting the one great item of free and independent government, and that is the reason and that only, why this country has been called the working man's best place. Laborers in monarchies, which have protective tariff laws, are not so well off as they are in low tariff and free trade countries. It is about time this humbug cry about tariff protection to labor should cease.

Whosoever may be the standard bearer of the democracy in the national campaign this year, the leading issue of the campaign is marked out. It will be a fight for tariff reduction. "Unnecessary taxation is unjust taxation," President Cleveland wrote in his famous message. When the people had grown into appreciation of the profound statesmanship of this doctrine the democracy achieved its triumphs of 1890 and 1891. The democratic house of representatives, elected on that issue, has faithfully legislated in that direction. The political complexion of the upper house must be changed, a work of time, before the people's will can become law. The chief executive must be of the reform party, and this the people will bring about in November.

The republican idea of forming political clubs inside of colleges and universities is not one to be commended. The coming voter should be allowed get his foundation education free from political bias. Republicans realize that no born text book on science of government or political economy and no political histories fit the mind to receive their peculiar doctrines, so they design to introduce party prejudice along with legitimate scientific study. With political clubs and campaign quarrels and excitements inside school walls and grounds and carried into daily life, the cause of true education, the education that is to lay the foundation for future usefulness, is jeopardized. It is the American idea of "forcing." No time is to make root and branch, the human plant must put forth political party blossom as soon as it is transplanted into open ground.

CONSIDERABLE MONEY.

Young John Jacob Can Take the World Easily.

New York, April 28.—The will of Wm. Astor leaves the bulk of his fortune to his son, John Jacob Astor, whose wife was Miss Willing, of Philadelphia. Mr. Astor's entire fortune amounts to about $70,000,000. Each of the three daughters will receive $2,000,000 and when the other bequests are deducted there will be in the neighborhood of $60,000,000 to handed over to John Jacob.

EVERSMAN WILL REMAIN

On the Board of Fire Commisioners, So Says Emmick.

Before leaving for Cleveland Mayor Emmick announced that he would make no appointment to the Board of Fire Commissioners.

He has kept his pledge to the Reno faction, he says, and is under no obligation to appoint another of them.

Eversman therefore will remain. If no appointment is made and confirmed he will remain in office, as his term does not expire until his successor is confirmed.

THE CLOVER LEAF

Issues Another Million Dollars of Gilt-Edged Bonds.

According to a request of the New York exchange $1,000,000 of the Clover Leaf's 6 per cent. bonds have been issued and the exchange has added it to the list of A 1 securities.

This makes $9,000,000 of bonds in all that has been issued. The road is prospering beyond the most sanguine expectations. The earnings for the first three months of this year were $492,000 as compared with $385,000 for the corresponding months of last year—an increase of $107,000. This is a remarkably good showing for a new road.

CHURCH DEDICATION.

New M. E. Church in Montpelier, Williams County.

On Sunday, May 8, the new M. E. church erected by the brethren in Montpelier will be dedicated. The dedicatory sermon will be preached by Gen. W. H. Gibson, of Tiffin. Many ministers of the district will be present, and among the visitors will be Rev. Henry Warner, the first missionary of the church in Williams county. He commenced his labors in that locality in 1838. The occasion of this dedication will be notable and the exercises will be exceedingly interesting.

G. W. C. HADLEY & CO.

Is Now the Firm Name of the Bee Job Printing Establishmnet.

Last July the Toledo Bee Co. sold its job department to Mr. G. W. C. Hadley, cousin of Mr. G. G. Hadley. Under his management the business increased and assumed larger proportions. The addition of presses and other materials followed, and now Mr. G. G. Hadley has purchased a half interest and the business will be still further pushed. The firm name will be G. W. C. Hadley & Co. The Bee is glad to record the progress of its old plant, which it controlled many years.

POPE IS DISPLACED

By A. C. Osborne on the Underwriters Directory.

A. E. Pope has been unceremoniously ousted from the prominent position he occupied in the local board of underwriters.

At the meeting held yesterday his name was dropped from the directory and that of A. C. Osborne substituted.

No further news has been received relative to Pope's appearance in Buffalo. A. W. Colton, who returned last evening from Buffalo, is positive that Pope is the man he met in Buffalo. Pope's friends here seem to think it was the missing man's brother who lives in Buffalo, but Mr. Colton says he knew Pope too well to have made any mistake.

ARRANGEMENTS PERFECTED

For the Horstman Reception Sunday—Meeting Last Evening.

The special reception committee appointed to escort Rt. Rev. Bishop Horstman from Cleveland to Toledo met at St. Mary's hall last evening and made final arrangements for the trip to Cleveland.

Special badges have been prepared for the committee and will be given the various pastors for distribution.

From St. Hedwig's parish the names of John Bine and C. Czanecki were substituted for those of Frank Sezpanski and A. A. Parycki.

On the motion of Mr. M. J. Cooney it was decided to have each parish pay its share pro rata of the expenses.

Arrangements have been made whereby the committee will travel by the Lake Shore at excursion rates.

The committee decided to leave Toledo for Cleveland at 5 o'clock p. m. Saturday, returning to Toledo with Bishop Horstman at 2 o'clock Sunday.

The committee will hold another meeting to perfect some details en route to Cleveland Saturday.

A GREAT CITY'S SLUMS.

Prof. Edmondson's Illustrated Lecture Last Evening.

The Davis Toledo Business college was filled to its full seating capacity last evening to hear Prof. Edmondson's lecture on the downward course of the drunkard, with realistic views of the various stages of sin and misery that attend that career.

The lecturer was introduced by Harry B. White, Good Templar. The organizations of temperance unions and Good Templars constituted the largest part of the audience, while the clerical profession was represented by Revs. McGaw, Bacon, Candee, Roberts, Hopkins and Wuhl.

Previous to the lecture a committee meeting was held of representatives of the W. C. T. unions and Good Templar lodges.

It was decided to organize a permanent central body, and a committee was appointed to draft by-laws to govern the same, and to select a list of names from which officers can be chosen.

This committee is Mesdames Francis J. Sumner, Louise Eck, Ellen Lutz, for the W. C. T. U.; and Rev. Geo. W. Candee, Messrs. C. E. Griffith and M. A. Gibson for the I. O. G. T. The representatives will be called together again when th's sub-committee has completed its work.

ADJUTANT FIES WAS CANED

By the Sultana Survivors—An Evening Round the Camp Fire.

Past Commander Conner of Ford post presided over the formal meeting held at the post hall last evening. Speeches were made by Col. Raudabaugh, of Lindsay, and Chaplain Berry, of Lansing, Mich., and appropriate songs sung by Comrade McIntosh.

After refreshments had been served by the ladies of Ford post auxiliary, the remainder of the evening was devoted to social chat and war reminiscences.

A pleasant feature of the afternoon meeting was the presentation to Adjutant Fies of a handsome gold-headed cane. The presentation speech was made by Col. Raudabaugh. Election of officers for the ensuing year reulted as follows: Colonel, S. H. Raudabaugh, Lindsay, O.; lieutenant colonel, Joseph Stephens, Buffalo, N. Y.; major, C. D. Berry, Lansing, Mich.; quartermaster, L. W. McCrory, Mungen, O.; adjutant, William Fies, Marion; chaplain, L. G. Morgan, Findlay.

On invitation of Comrade Fies it was decided to hold the annual reunion of 1893 in Marion, this state. The visitors departed last night and this morning, profoundly impressed with a sense of the hospitality of thier Toledo comrades.

A CARD FROM DR. HENZLER.

He Denies All Connection With the A. P. A. Documents Circulated Last Fall.

The following card from Dr. C. J. Henzler is self-explanatory:

Whereas, There was published in the Toledo Bee during the autumn campaign an article in reference to certain political circulars and,

Whereas, The said article falsely accused me of being implicated in publishing and circulating the afore mentioned circular, and,

Whereas, This unjust and false accusation has proved most detrimental to me, in both a social and professional sense, I deem it my duty to furnish the following sworn statement:

First, I never saw, heard nor thought of the circular containing extracts of Pope Leo's letter on politics until copies of it were sent me by mail.

Second, I believe that the article published in the Bee, and connecting my name with the circular was inspired by the false report made by two of my enemies.

Third. After receiving the circular through the mail I allowed one of my neighbors to see it. Thus began and ended my part in the circulating of the paper.

All other statements regarding the matter, whether made through the public press or in any other manner are false and made for the sole purpose of doing me injury.

CHARLES J. HENZLER.

Sworn to and subscribed before me this 27th day of April, A. D. 1892.

MANY IMPROVEMENTS

Being Projected by the Toledo Exposition Co.,

The Most Important of Which Is the Recapping of the Track With Clay.

The Toledo Exposition company is making extensive and valuable improvements at the grounds, the most important of which is the substantial manner in which the track is being built up.

As was announced in the Bee some time ago, the company had contracted with R. G. Tucker, of New Jersey, for the reclaying of the track, but at this time the management had concluded to only put on about two inches of clay all around, building up and grading where necessary.

However, when Mr. Tucker arrived and inspected the track he advised that more clay be used, and the track put in first-class shape, while the work was under process.

The board saw the wisdom of this advice, and contracted for six inches of clay all around.

There have been seven teams and 75 men at work on the track now for about a week and the improvement is about completed. When finished this will be one of the fastest half-mile tracks in the country.

New buildings are being erected and the grounds otherwise beautified. The secretary has moved his office into the Gardner block on the corner of Superior and Madison streets, and it will be open for the transaction of business every day from now until after the fair.

AFTER THE ELEVATORS.

Paddock, Hodge & Co., to Secure the Wabash.

The Firm Makes Two Propositions to the Stockholders, One of Which May Be Accepted.

Paddock, Hodge & Co., the enterprising young grain commission merchants, are after the four Wabash elevators and it is probable they will control if not own all the elevators for the next 10 years.

The propositions are for the five elevators, Nos. 1, 2, 3, 4, and 5. The first proposition is as follows:

First Proposal.

Provided a majority of the shares of stock of the Toledo & Wabash Elevator Co. can be secured, we will pay 20 cents on the dollar, par value, for your shares of stock, payment to be made, and stock transferred as soon as a majority of the stock is offered under the terms of this proposition; your acceptances to reach us by May 20, 1892.

PADDOCK, HODGE & CO.

Second Proposition.

In the event that a majority of the stock of the Toledo & Wabash Elevator Co. cannot be purchased, and provided a majority of said stock is transferred to C. F. Adams, trustee, for our use and control for a period of five years, with the privilege of ten years at our option, we propose to guarantee and pay to all stockholders a dividend of two per cent. per annum on this stock for the use and control of said elevators during said period. Acceptance to reach us by May 20, 1892.

PADDOCK, HODGE & CO.

In a circular letter to the stockholders the company points out the advantage and benefits that would result from the elevators being in the control of practical grain buyers.

It is understood that a majority of the stockholders are in favor of the second proposition. No dividend had been paid for four or five years.

WERE BURNED TO DEATH

Exciting Scenes in a Philadelphia Theater.

Six Members of the Devil's Auction Company Reported to Have Lost Their Lives.

Philadelphia, April 28.—Scenes of a most exciting nature were witnessed on Walnut street just after the first cry of fire from the interior of the Central theater last night. The audience had not yet all entered the house and the street was crowded with persons engaged in the usual 8 o'clock rush for seats in both the Walnut Street and Central theaters.

Most of the injured were occupants of the galleries who were obliged to escape by way of the fire escape on the front of the theater, and were, with hardly an exception, young men.

The latest report is that six members of the Devil's Auction company are beneath the ruins of last night's fire.

They are as follows: Thomas Lorell, gymnast and one of the sprites; Florence Lorell, his wife, and one of the Coryphees; Vincenina Chilton, premier danseuse; Sarah Goldman, Coryphee; Fancron Colyers, the Madeline of the show; Wm. L. Brooks, heavy man.

WARNER FOR GOVERNOR.

Jefferson City Mo., April 28.—In the republican convention to-day Major Wm. Warner, of Kansas City, was nominated for governor by acclamation amidst the wildest excitement.

John Hall Richardson, a prominent New York newspaper man, who used liquor to excess, took the Keeley treatment and was cured. He says: "Most of the men who are sent to the Keeley Institutes, are sent as the last resort. Very many of them are broken in health, bloated in body, blotched and scarred on their faces, and half crazed in their minds. I have seen them brought out of it all within two weeks, so that their skin resumed its normal appearance, their minds became clear, and they have wondered whatever possessed them to give themselves up to excessive drink."

This is the experience of thousands who have taken the Keeley treatment. There are only two Keeley Institutes in Ohio, at Marysville and Madisonville. All communications strictly confidential. Address, The Keeley Institute, Marysville, Ohio.

Royal Baking Powder has no Competitors.

In millions of homes throughout the United States and around the world the fact has been recognized by appreciative housekeepers, that there is no other leavening compound that can or does compete, on the basis of purity and strength, with the Royal Baking Powder.

Other compounds intended for baking purposes, made without science, of poor materials, at a low cost, depend for their restricted sale upon the patronage of those who will use a greatly inferior article if procurable at a little lower price, or upon the recommendation of dealers whose self-interest urges the sale of goods yielding them the largest profits.

ROYAL BAKING POWDER ONLY sells and deserves to sell upon its merits alone.

CLUBS AND SOCIETIES.

Meeting of the Ramabai Circle—Some Announcements.

Mrs. D. C. Shaw entertained the Ramabai circle yesterday afternoon, Mrs. C. J. Peck presiding, Mrs. Shaw secretary. Mrs. Randolph read a letter from Pundita Ramabai and articles on life in India, and the Hindoo marriage relations, were read by Mrs. Louisa Eck.

Reports of the annual meeting, held March 11, 1892, at Boston, were distributed, containing communications from A. P. Granger, corresponding secretary; Judith W. Andrews, chairman of executive committee; Ramabais' report; a letter from the pupils, letters from vice-presidents and address of the president, Rev. E. E. Hale, D. D.

The following interesting information was also given: In India there are 32 regular physicians, 72 missionaries, and 200 women students in Indian medical schools, all through the Lady Dufferin's fund.

The annual election will take place at the next meeting of the circle, which will be with Mrs. Randolph, 1607 Adams street.

A meeting of the Woman's Building company is called at the Law kindergarten rooms, for 4 o'clock to-morrow afternoon.

The Political Equality club will meet at 4 o'clock Saturday afternoon with Mrs. E. T. Harley, 1804 Adams street.

LITTLE BOY BLUE.

The little toy dog is covered with dust,
But sturdy and staunch he stands,
And the little toy soldier is red with rust
And his musket moulds in his hands.
Time was when the little toy dog was new,
And the soldier was passing fair,
And that was the time when our little Boy Blue
Kissed them and put them there.

"Now, don't you go 'till I come," he said,
"And don't you make any noise."
So, trodding off to his trundle bed,
He dreamed of his pretty toys.
And, as he was dreaming, an angel song
Awakened our little Boy Blue—
Ah, the years are many, the years are long,
But the little toy friends are true.

Aye, faithful to little Boy Blue they stand,
Each in the same old place,
Awaiting the touch of a little hand,
The smile of a little face.
And they wonder, as waiting these long years through
In the dust of that little chair,
What has become of our little Boy Blue,
Since he kissed them and put them there!
—Eugene Field.

A dispatch from Phoenix, Ariz., March 24, printed in the New York Times reports an interesting discovery. There is a scheme afoot to create a greater Boston by including 68 towns and cities in one vast metropolitan district, with Boston as the hub. The author of the scheme, which his name is Smith, hopes to overcome local jealousies by letting each town in the proposed metropolis manage its own local affairs. But Boston appears to be somewhat lukewarm in the matter, asking, with fine scorn, how there can be any greater Boston than the Boston that now is.

Prof. Royce of Harvard, has a son whose ear for music is said to be so good that if a single note be played upon the piano he can tell what it is without seeing the instrument. The story is told of the how that on one summer night he called his father to his bedside and said: "Papa, there is a mosquito humming about my head in a tone between a B and B flat. I could stand it if he would hum in either B or B flat, but when his pitch is between the two it drives me wild."

MORE VENGEFUL THAN WAR.

As we move by the left flank to cross the country highway and take up a position in the triangular piece of woods, the man on my left takes out his watch and I note the time. It is exactly 4:30 p. m. The sun is shining brightly overhead, and yesterday the old Virginia farmer, too old to go into the ranks, was mowing in the meadow to the west of the woods. The scent of the hay comes to our nostrils as we march, and more than one hand reaches out and plucks a leaf from the vine creeping along the wall and seeking to beautify it.

We can see no enemy on our front as we form battle line under the trees and pile up bushes, limbs and logs for a breastwork. They will come down the road if they come, and then we shall enfilade them, and at least hold them in check, no matter if they outnumber us five to one. A crack battery has moved with us, and the artilleries are impatient to get to work. Off on my right the fight is hot. The earth under our feet trembles under the concussion of the field pieces, and the spiteful crackle of musketry reminds one of the onward sweep of a great forest fire.

What has happened? Has the sun already gone to rest, and is this twilight creeping over the field of battle?

Men look up and about them. The bright sunshine has suddenly disappeared. We are clear of the smoke here, though it hangs like a pall over the brigade on our right. We are still gazing and wondering, when there comes a deep and hollow rumbling, which can be painfully heard above all other noises.

"It's a thunder storm!" whispers man after man, and looking to the southwest we see a black cloud hanging almost over our heads.

Down here is the vengeance of man; up there is the wrath of God. It is a greenish black cloud—its center as black as midnight and its outer edges fringed with a green which reminds you of the eyes of an infuriated and desperate animal about to battle for its life and more.

"Steady, men—steady! Right dress, there!"

From out of the very center of that forbidding cloud there suddenly leaped a sheet of flame so bright that every eye was dazzled and a thousand men started in alarm. The lines were scarcely restored when there came a crash as if a thousand shells had exploded at once, and hundreds of men cried out in terror. Strange enough! We are here to die. Down on the right 5,000 men have yielded up their lives and 5,000 more are groaning with their wounds. Should we dread the thunderbolts of heaven more than the murderous missiles forged by the hand of man?

Flash! Cringe! Cry out!

A tongue of flame shot out as if to lick up the five acres of woodland and the thousand men hiding under the trees. Scores of men let fall their muskets and raised their hands to their blanched faces. Scores of others wheeled about in their tracks as if to fly. The long line was undulating like a great serpent creeping over the rocks, when the earth seemed to rise up and there came a crash which threw men to their knees. A thunderbolt had struck a tree at the head of our line, and the twelve men nearest it fell like logs. Four were dead before they touched the earth.

Flame! Crash! Panic!

Had 5,000 of the enemy come marching down the road and charged us en masse there would have been no such confusion as this. Veterans of a dozen battles are pressing back, and the officers are pale-faced as they flourish their swords and shout and curse to restore the lines. Another tree has been rent and riven—more men have been struck down.

The battery is in front of us. They are trying to bring the horses up to drag the guns away from under the tall trees, but the spirited animals, every one of them familiar with the roar of battle, are utterly demoralized and seeking to escape. They rear and plunge and kick and utter shrill neighs, and they cannot be controlled.

Flash! Flame! Roar!

Not a tree this time, but a caisson full of ammunition. A thunderbolt shot out of the black heavens as straight as an arrow and swifter than thought had struck this terrible target. A great mass of flame shoots up into the tree-tops, withering and burning—there is an explosion which blows men off their feet, and then death reaches out his skeleton fingers and touches man after man until he has 16 more victims. His work is not concluded when the floodgates of heaven are opened, and the rain pours down in a deluge. As if the word of command had been given, the lines fall back, carrying officers before them, and halt not until clear of the dangerous trees. Then we huddled together like sheep in a storm, half blinded by the continued flashes and half drowned by the downpour, and there is never a man of us who has not been a coward under the swift and terrible attack of a foe more vengeful than war.

And the sun has gone down and darkness is here, and of the battle which ceased an hour ago we know not. Few questions are asked and answered. We feel dazed and stunned. We have witnessed such a vengeance as man cannot wreak upon man, and it has left us without courage and almost helpless.—New Orleans Times-Democrat.

The tomb of Francis Marion on the Belle Isle plantation, near Pineville, S. C., is a ruin overgrown with shrubbery. Even the decaying remains of the big tree that was blown across the tomb years ago, smashing it as it fell, still lie there untouched. At Pineville is the old Episcopal church whose bells rang out for the first time in many years on the day of Jefferson Davis's funeral.

ABOUT PEOPLE.

Ex-Senator Booth, of California, who shocked his friends not long ago by marrying his housekeeper, is now dying of cancer of the tongue.

Prof. Felix Adler, of New York, is in Berlin. His visit is made for the purpose of studying the system of manual training in use in the German schools.

The queen of Portugal is the most dressy lady in Europe. She buys costumes, bonnets and hats wholesale. Her pale complexion and auburn hair permit of any kind of headgear.

The great Austrian millionaire, Maurice Hirsch, lives in true baronial style in his castle on the Danube, in Moravia. There is a drawbridge, portcullis and all the medieval accessories of a once impregnable fortress.

The late Admiral Jurien de la Graviere had a trio of lovely daughters who were known 25 years ago as "The Three Graces." The eldest, now a widow with several children, had a figure like that of Mme. Recamier in David's portrait.

Rubenstein, who is again playing in Europe, with a possibility of coming to this country, has adopted an effective plan to prevent encores. Before he comes back upon the stage in response to applause he has an attendant mount the platform and lock up the piano.

Prof. Dana, the famous geologist, resigns his chair at Yale on account of advancing years, but he will still continue to deliver lectures on the science in which he has been such an expert. His mental activity is apparently unimpaired and his step is as quick and light as ever. His successor, if the corporation ratifies Prof. Dwight's action, will be H. L. Williams, who now holds the professorship of mineralogy of Cornell university.

Andrew Carnegie says that when a boy he promised his mother never to marry during her lifetime, and he kept his promise, his marriage occurring two years after his mother's death. Mr. Carnegie cares little for the society of "big men," and is said to look down on people who have inherited great wealth or had the advantages of a college education. He thinks that they have been hampered thereby for attaining real success in life. As for education, he holds that shorthand and telegraphy are worth all the scientific knowledge that could be obtained from a dozen colleges.

FOR THE TOILET

There is no more useful or elegant article than Ayer's Hair Vigor—the most popular and economical hair-dressing in the market. It causes the hair to grow abundantly and retain the beauty and texture of youth; prevents baldness, heals troublesome humors of the scalp and keeps it clean, cool, and healthy. Both ladies and gentlemen everywhere prefer Ayer's Hair Vigor to any other dressing for the hair. Mrs. Lydia O. Moody, E. Pittston, Me., writes: "I have used Ayer's Hair Vigor for some time, and it has worked wonders for me. I was troubled with dandruff and falling hair, so that I was rapidly becoming bald; but since using the Vigor, my head is perfectly clear of dandruff, the hair has ceased coming out, and I now have a good growth, of the same color as when I was a young woman. I can heartily recommend the use of Ayer's Hair Vigor to any one suffering from dandruff or loss of hair."

Scheibeck had one of his "wheel" days yesterday and allowed Columbus to take a game that never belonged to her, by a score of 4 to 3. Milwaukee won from St. Paul 14 to 4, and Indianapolis won the first game of the season by defeating Minneapolis 6 to 5 in eleven innings.

—::—::—

In the League, Louisville defeated Pittsburg 6 to 4; Cleveland won from Chicago 6 to 1; Philadelphia hammered New York 15 to 1 in one game and New York turned the table 4 to 1 in another game; Boston shut out Washington 8 to 0, and took another 2 to 1; Baltimore went down in front of Brooklyn 4 to 1.

Notes.

Darling makes quite a clever shortstop.

Swartwood is not playing with Pittsburg.

Campion contines to be lively on the bases.

Scheibeck has commenced his erratic work.

Dugdale is not catching in his usual form.

Future Champions.

The Auburndales have two good batteries, a stone wall for an infield, a fast outfield and fleet-footed base runners.

We, the Roger base ball club, challenge any club in the city for a game of ball. Welch, manager.

The Auburndale base ball club elected the following officers for the season: Ed. Conture, president; John Watts, secretary and treasurer; Otto Wittman, manager.

The Pathfinders challenge the Emmets for a game of ball Sunday, May 1st, on the Emmets' grounds. Answer through Friday night's Bee. E. Campbell, manager.

As the Hulls can not play the Sumners Saturday morning, the 30th, the Athletics challenge the Sumners for Saturday morning at 9 o'clock sharp on the corner of Monroe and Fourteenth. Answer through the Bee.

Otto Wittman, well known as Yellow Wittman, is a fine shortstop and second baseman, cool and steady, a splendid infielder, a hard hitter and a good base runner. Wittman will make a good manager for the Auburndales and will surpass his splendid work of '91.

The Toledo Juniors have organized as follows: Pitcher, J. Flannigan; catcher, T. Bolan; first base, J. Cavanaugh; second base, J. Egan; third base, J. Judge; shortstop, F. Scally; right field, G. Fox; center field, T. Smith; left field and pitcher, J. Russell. T. Bolan, captain; F. Scally, manager; B. Foley, mascot.

KARMA AND REINCARNATION

The Doctrines of Theosophy Expounded.

In Its Study Is Process of Spiritual Culture—Interesting Lecture at Memorial Hall.

At Memorial hall annex last evening Wm. Q. Judge, of New York, general secretary of the Theosophical society, expounded the doctrine of theosophy to a fair-sized audience.

Rev. A. G. Jennings presided, and in his introductory remarks said that at a previous lecture delivered in Toledo, Mr. Judge had made a statement that seemed to him very strange.

It was that the exponents of theosophy had great difficulty in overcoming people's prejudices. Rev. Jennings could not understand why any person should be prejudiced against theosophy; he could not see why people should be prejudiced against universalism; he could see no reason why people should be prejudiced against any honest search after truth.

Mr. Judge began his address by saying that while his audience might not be believers in theosophy, either at the beginning or close of the lecture, if they were striving to elevate themselves and lift up their fellow men, they were already theosophists.

The society interferes with no one's religious belief; all that is exacted from each member is the same toleration of the views of others which he desires for himself.

The society aims to bring together a large body of the most reasonable and best educated persons of all extant races and religious groups, all of whom shall accept and put into practice the theory that, by mutual help and a generous tolerance of each other's preconceptions, mankind may be benefited and the chances for discovering hidden truth greatly improved.

Sorrow is the greatest problem in human life. Not one is free from trouble in some form. Neither conscience nor religion can give a reasonable explanation of the cause of suffering in the world. The poor laborer revolts at the seeming injustice of his lot. The politician tells him it is the result of unjust laws; the clergyman that it is God's will. It pleases God to make a few rich and many poor; some healthy and others weak, and that he must be resigned.

There is a better, more satisfactory solution. Theosophy teaches that men are what they have made themselves; that they suffer or enjoy because they have earned either suffering or enjoyment. Their condition is not an accident; it is an effect. Reincarnation is the law of human development. You come again and again into the world that you may improve and advance until you become perfect.

The speaker said that he had been criticised for not being more explicit. It was difficult to make clear in one hour a doctrine that required at least five hours to explain a small part of. He could only give his audience an insight into the benefits to be derived from the teachings of theosophy, and he closed with an earnest appeal to them not to wait, but begin at once the process of spiritual culture.

GAS SHORTAGE.

The Advance in Price is Causing a Sensation.

St. Marys, O., April 28.—(Special)—The advance in the price of gas in this city a few days ago, on account of the rapidly failing pressure, seems to have caused more of a sensation away from here than at home, as the other cities that derive their supply of gas from this field as well other towns in the northwestern part of the state, have become greatly alarmed by this movement and look upon it as a criterion of what is soon to be their fate, as the St. Marys gas field is considered one of the largest as well as the most prolific in the state.

Mr. Charles B. Mitchell, who was recently elected city solicitor of Auburn, Me., is only 21 years of age.

SPRING DEATH TRAPS

Where They are Set and How They are Sprung.

Some Good Common Sense Advice Which is Specially Timely Just Now.

(Chicago Globe.)

"The greatest death-trap known to mortals is the warm spring day. On such a day the unwary victims are drawn from their shelter by thousands, and without the usual precautions against taking cold. It is at such times that the grip-car, the open window, the draughty doorway, all get in their deadly work. Overcoats are carelessly laid aside, woolen underwear shed for cotton, socks are reduced in weight, and overshoes of every description kicked into corners. As a consequence the death-trap of a warm spring day gets in its work and undertakers thrive. Two years of the prevalent grip have doubtless weakened the human race on two continents, and this fact renders unusual precautions a double necessity in the transition from a cold to a warm season.

"A cold fastened on the human being means sickness, and possible death, not even the strongest being exempt from the dreaded congestion. Hence the danger of a warm spring day should ever be borne in mind, and no one should find himself far removed from the source of supplies in the way of wraps when the death-trap is sprung, perchance, by the 'sudden change' with which a warm day in April is almost inevitably visited. A sudden chill strikes the system. The pores are quickly closed. The person becomes feverish, and all the work of the body is thrown upon the kidneys and liver. What naturally should be done then to counteract this usual effect? Manifestly assist the kidneys and liver; tone up the system. How?

"There never has been but one certain, one infallible way by which this could be done and this is by the use of Warner's Safe Cure, the great natural medicine, which has accomplished so much, is deservedly so popular, and is doing so great a work to-day. Read what Dr. Albert W. Hendricks, of West Philadelphia, Pa., says:

"In Warner's Safe Cure the profession have an article greatly needed. I have successfully treated cases of Bright's disease and diseases to which the female sex is subject with it, and I cheerfully recommend it as an invaluable remedy for kidney, liver, bladder and other difficulties."

Scores of other eminent physicians have asserted the same thing, and this great remedy is more extensively used to-day than any other known preparation and owes its popularity wholly to its great merit.

DOCTORS FRANCE AND OTTMAN,

Formerly of New York, now the Celebrated Examining Physicians of THE FRANCE MEDICAL AND SURGICAL INSTITUTE, Columbus, Ohio, by request of many friends and patients, have decided to visit Toledo

Dr. France, Wednesday, May 11.
Dr. Ottman, Saturday, May 21.

Consultation and Examination Free and Strictly Confidential in the Private Parlor of the Burnett House from 10 a. m. to 9 p. m., one day only.

The doctors describe the different diseases better than the sick can themselves. It is a wonderful gift for any one to possess. Their diagnostic powers have created wonders throughout the country.

The France Medical and Surgical Institute of Columbus, Ohio, is the only Medical Institute in the State incorporated with a Capital of $300,000.00.

FRANCE MEDICAL AND SURGICAL INSTITUTE,

38 & 40 W. Gay St., one block N. of State House, Columbus, O. Incorporated, 1886. Capital, $300,000.

DRS. FRANCE AND OTTMAN, of New York, the well known and successful Specialists in Chronic Diseases and Diseases of the Eye and Ear, on account of their large practice in Ohio, have established the FRANCE MEDICAL INSTITUTE, where all forms of Chronic, Nervous and Private Diseases will be successfully treated on the most Scientific principles. They are ably assisted by a full corps of eminent Physicians and Surgeons, each one being a well known specialist in his profession

CANCER positively cured without pain or use of the knife, by a new method.

IMPORTANT TO LADIES.—DR. FRANCE, after years of experience, has discovered the greatest cure known for all diseases peculiar to the sex. Female diseases positively cured by the new remedy, OLIVE BLOSSOM. The cure is effected by home treatment. Entirely harmless and easily applied. Consultation Free and Strictly Confidential. Correspondence promptly answered.

YOUNG MEN—Who have become victims of solitary vice, that dreadful and destructive habit, which annually sweeps to an untimely grave thousands of young men of exalted talent and brilliant intellect, may call with confidence.

DRS. FRANCE AND OTTMAN, after years of experience, have discovered the greatest cure known for weakness in the back and limbs, involuntary discharges, impotency, general debility, nervousness, languor, confusion of ideas, palpitation of the heart, timidity, trembling, dimness of sight, or giddiness, diseases of the head, throat, nose, or skin, affections of the liver, lungs, stomach, or bowels—those terrible disorders arising from the solitary vice of youth—and secret practices, blighting their most radiant hopes or anticipations, rendering marriage impossible. Take one candid thought before it is too late. A week or month may place your case beyond the reach of hope. Our method of treatment will speedily and permanently cure the most obstinate case, and absolutely restore perfect manhood.

TO MIDDLE-AGED MEN.—There are many from the age of 30 to 60 who are troubled with frequent evacuations of the bladder, often accompanied by a slight burning or smarting sensation, weakening the system in a manner the patient cannot account for. On examination of the urinary deposits, a ropy sediment will be found, or the color will be a thin or milkish hue. There are many men who die of this difficulty, ignorant of the cause, which is a second stage of seminal weakness. We will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

DISEASES OF WOMEN.—We have a special department, thoroughly organized, and devoted exclusively to the treatment of diseases of women. Every case consulting our specialists, whether by letter or in person, is given the most careful and considerate attention. Important cases and we get few which have not baffled the skill of all the home physicians) have the benefit of a full council of skilled specialists. In treatment of diseases peculiar to females, our success has been marked, over two-thirds of our patients being ladies, old, young, married, single, under our treatment. Our method is entirely free from objectionable features of the general practitioner, namely, "Local treatment." We seldom find it necessary. We prepare remedies, constitutional and local, as the case demands, and instruct ladies how to treat themselves.

MARRIAGE.—Married persons, or young men contemplating marriage, aware of physical weakness, loss of procreative powers, impotency, or any other disqualification, speedily restored.

PRIVATE DISEASES.—Blood Poison, Venereal Taint, Gleet, Stricture, Seminal Emissions, Loss of Sexual Power, Weakness of Sexual Organs, Want of Desire in Male or Female, whether from imprudent habits of youth or sexual habits of mature years, or any cause that debilitates the sexual functions, speedily and permanently cured. Consultation free and strictly confidential. Absolute cures guaranteed. Medicines sent free from observation to all parts of the United States.

EPILEPSY, OR FITS—Positively cured by a new and never-failing method. Testimonials furnished.

FREE EXAMINATION OF THE URINE.—Each person applying for medical treatment should send or bring from 2 to 4 ounces of urine (that passed first in the morning preferred), which will receive a careful chemical and microscopical examination, and if requested a written analysis will be given.

Persons ruined in health by unlearned pretenders, who keep trifling with them month after month, giving poisonous and injurious compounds, should apply immediately. Delays are dangerous.

WONDERFUL CURES Perfected in old cases which have been neglected or unskillfully treated. No experiments or failures. Parties treated by mail or express, but where possible, personal consultation is preferred. Curable cases guaranteed. No risks incurred.

Cases and correspondence confidential. Treatment sent C. O. D. to any part of U. S. List of 130 questions free. Address, with postage, DR. FRANCE, Nos. 38 and 40 W. Gay St., Columbus, O.

Wheat Quotations for the Day—Price Currents for Produce and Other Articles.

The Markets To-day.

The wheat markets on this side of the water have not presented very strong conditions to-day, and at the seaboard have been very weak. Neither at opening or close of foreign markets was there much encouragement for advancing prices, and perhaps Chicago would have made more serious break, but for the purchases of short sellers, who are disposed to liquidate their May risks.

Corn has also been weak and closed decidedly ower.

In New York May wheat closed 1c and July 7-8c lower. May corn closed 3-8c and July 5-8c and May oats 3-8c lower.

In Chicago May and July wheat closed 3-8c lower. May corn 7-8c lower; July unchanged. May oats 1-8c lower.

In Toledo business in wheat futures has been only moderately active, with the most of the trading in May again and on that future the market makes the largest loss. It closed 1c lower while July and August lost only 1-2c.

There have been no new elements in the deal, and it is simply a lifeless and listless deal. On the call May wheat sold at 91 5-8c to 91 3-4c, closing at 91 5-8c. July at 85c. After the call May sold at 91 1-4c and closed at 90 3-4c; July sold at 84 3-4c to 84 7-8c and closed at 84 1-2c; August sold at 83 3-4c and closed at 83 1-2c; June sold at 89c.

Cash wheat was not in sharp demand and was 1c to 1 1-4c lower. No. 2 soft at 91c. L. S. at 91 1-2c to 91 1-4c, closing 91c. No. 3 soft at 89c.

Corn—No. 2, 41 1-4c; May 41 1-4c. No. 3 at 40c. No. 4 at 39 1-2c. No. 2 yellow at 42c. No. 3 yellow at 40c. Oats—No. 2 at 30c; May at 30c. Clover Seed—very light trading reported. No change in price, sales unimportant.

PURE SILK JERSEY RIBBED VESTS	AT 50c EACH	EXTRA FINE VALUE

LASALLE & KOCH.

CONDENSATION OF A NOVEL.

"Beautiful silken hair," Philip murmured fondly, toying lovingly with one of her nut-brown tresses; soft as the plumage of an angel's wing; light as the thistledown that dances on the summer air; the shimmer of sunset, the glimmer of yellow gold the rich red-brown of autumnal forests, blend in entrancing beauty in its——"

Just then her hair came off in his hands, and he forgot what to say pext. There was a moment of profound silence, and then Aurelia took it from him and went out of the room with it. When Aurelia came back he was gone.—Roseleaf.

ELECTRIC SWITCHES.

There is still a chance for invention in electric railway controlling switches. The awkwardness of regulating a car's speed by a brake which turns one way and a rheostat crank which turns the other is evident. Sooner or later a lever arm or some similar device will replace some of the confusing number of crank motions with which manufacturers at present equip their cars.

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED,

As a general family remedy for dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels.

OPEN YOUR EYES

When you ask for a bottle of WOLFF'S ACME BLACKING see that you get the genuine. The real article made by us cannot be bought for less than 20c. a bottle. It is good material and worth its price. There are imitations offered claiming to be "Just as good" for less money. Don't buy them. If the "Just as good" has any merit it ought to sell without invoking the aid of comparison with our Acme Blacking.

For summer dresses the following materials will be worn: black and delicate toned crepons with stripes, spots and fancy patterns; crimped Bengaline, velvet spotted sarsnets, ombre silks and velvet, in lovely shades of half mourning; moire antique, especially a new kind with a peculiar "looking glass" effect; large plaid and striped silks, dotted all over with little silk spots (this is quite a specialty); graduated striped black and white silk; cheviots dashed with an irregular "lightning" effect of color; "tucked" materials, and also "tucked" grenadines, in black, white, gray and heliotrope. These tucks form stripes, and are very novel.

It seems rather early to talk about summer dresses, hardly before one has had a chance to wear the spring gowns, but many are busy already with garments for the warm season, and are glad to take life coolly when that time arrives. A pretty dress for a warm day is made of delaine with its various patterns of flowers which appear to just have been gathered and thrown down in a careless, but most natural fashion. Those who do not care for light colors may have dark blues, black, stone color plum and other tints.

WEARY MOTHERS

LOOK AT THIS.

Are these not healthy and bright children? Their appearance does not misrepresent them; they are both healthy and bright. They are the son and daughter of Mr. J. P. Wiley, of Dorchester, Mass., and he has an interesting story to tell in regard to them. The story is as follows:

"In 1885 my wife, accompanied by my little boy, at that time 11 months old, was visiting relatives in Scranton, Penna. The little fellow was suffering untold agony cutting his teeth. My wife was told to try Dr. Hand's Teething Lotion. The effect was magical. It did not stupefy the child, as most remedies of this character do; it simply soothed the pain of the burning and aching gums. I might write a volume, had I the time, praising this remedy, and then not express my feelings or do it justice, it is simply marvellous. After her return to Boston she wanted another bottle, but I found that it was unknown in this city. I corresponded with Dr. Hand, and received in reply a sample of each of his remedies. I used them on both my children, recommended them to all my friends, and have yet to find the person who, after using the remedies, especially Teething Lotion and Colic Cure, that could not praise them. People may say, and have said to me: 'Oh, there must be something in that Teething Lotion that affects a child's brain.' In reply to this, I will say I have two children a boy and girl, who have been treated with Teething Lotion since time of beginning to end of teething, and I challenge any person to furnish two with any clearer brains. I cheerfully recommend them to parents who love their little ones."

A little book, illustrated, full of sense and suggestion, or sample bottle, will be sent to any one in the land, FREE.

Toledo, O., April 6, 1892.
The Electric Refining Co., City:
Gentlemen—I have been using your Frictionless Axle Oil on my heavy trucks for some time, and I do not hesitate to recommend it to any one having use for anything of this kind. Have used axle grease of all kinds, also castor oil and other axle oils, but am satisfied that your oil is more economical and far superior to anything in the market, either for buggies or heavy wagons.
Yours truly,
EVERETT W. HULL,
Teamster for Brown, Eager & Hull, and others.
